To-day's games—Cleveland at Cincinnati, Boston at Baltimore, Philadelphia at New York, Louisville at Pittsburgh, Brooklyn at Washington, Chicago at St. Louis.

Special Dispatch to the Intelligencer.
TORONTO, O., April 20.—Manager "Jack" Darragh, of the Wheeling base ball team is in his glory now, for all trains from the four points of the compass are bringing in the Mollers of '96. Several players arrived to-night and before the sun goes down to-morrow, Manager Darragh expects his company of twenty-six on the ground. Practice will be started to-morrow and kept up during the week without many intermissions. The Toronto will cross bats with the Wheelings and exhibition games with other clubs will be arranged so as to fill in the two weeks that are to elapse before the team opens the Interstate championship season at Washington on May 2. Darragh says he will have a winning team or know the reason. The owners of the club in Wheeling, he says, are an energetic crowd and do not intend to give the town a second division team if money and brains can prevent it. Darragh is disappointed at not being able to sign Frank Violett for the outfield, it being reported here that President Power, of the league has ordered him to report to Jackson.

THE LARGEST AUDIENCE
That Ever Assembled on the Boston Grounds saw the Orioles Defeated.
BOSTON, April 20.—The largest audience that ever assembled on the Boston base ball grounds witnessed a poor exhibition of ball playing between the home team and the champion Baltimore. The crowd in the outfield was so great that a rule was made that a hit in the crowd was good only for one base. This undoubtedly added to the lame nature of the game and also to the large number of runs that the Boston made. The game was called at the end of the eighth inning to allow both teams to catch the train. Attendance 15,032. Score:
R. H. E.
Boston..... 2 28 17 0 0 1—21 8 6
Baltimore..... 1 12 20 0 0 1—6 8 6
Earned runs—Boston 14, Pitchers, Nichols, Malins; McMahon, Hemming, Umpire Lynch. Time, 2:17.

Port Wayne Defeated.
PORT WAYNE, Ind., April 20.—The first base ball game of the season was played here Sunday afternoon, Port Wayne and Indianapolis being the contesting clubs. The locals showed lack of practice and were easy for the visitors. Score:
Port Wayne..... 1 0 0 0 0 2 0 5—9
Indianapolis..... 4 5 0 0 0 4 2 0—13

Base hits, Port Wayne 14; Indianapolis 19. Errors, Port Wayne 6; Indianapolis 2. Batteries, Knell and Creiger; Dammon and Wood. Umpire, Smith. Attendance, 2,000.

Youngstown's Club.
At Youngstown Pitcher O'Neill, of Cleveland, has "caught on" with the rosters watching the practice games of the Interstate league club, under the direction of Manager Hazen, and is a favorite. Spade and Brodie are showing great speed and good curves. Catcher Haroff, of Canfield, has been released, his work not being satisfactory. Joe Botes will be signed as one of the catchers. The members of the team are exercising their sprinting qualities on the half-mile track at the fair grounds, and with the mercury hovering about ninety the exercise is rapidly reducing their surplus flesh.

The Pittsburgh-Toronto Game.
Yesterday the Pittsburgh league team played Buckenberger's Toronto team, the contest resulting in a score of 4 to 1 in favor of Connie Mack's Pirates. Patten distinguished himself at second for Toronto, accepting nine chances clean. It is the opinion of those who witnessed the game that Toronto outplayed Pittsburgh, and would have won had they not been robbed by the umpire.

In the Southern League.
ATLANTA, April 20.—The score:
R. H. E.
Atlanta..... 3 4 0 3 4 10 0—16 14 1
Columbus..... 0 0 0 2 0 0 3—5 7 4
Batteries—Norton and Fields; Daniels, Wilson, Dobbins and Hunt.

The "Spiders" Lost.
INDIANAPOLIS, Ind., April 20.—Indianapolis 12; Cleveland 7. Batteries—Wallace, Cuppy and Zimmer; Phillips and Wood.

Amateur Base Ball.
South Side Stars would like to hear from the Island base ball team on May 2, in morning, at the brick yard grounds; game to be called at 9 a. m. sharp.

Yesterday the Martin's Ferry base ball club fixed up its grounds near the laundries in first class style. The uniforms consist of gray body, maroon stockings and cap and red belt.

The J. E. Wright team has organized the following players: C. Wagner, catcher; J. Bero, pitcher; N. Bell, shortstop; A. Bero, first base; E. Carl, second base; E. Ritze, third base; M. Hill, right field; E. Hebout, center field; W. Wagner, left field.

STEVE O'DONNELL WON.
The Australian Best Owen Sullivan, of South Africa, in Ten Rounds.

LONDON, April 20.—There was a large attendance at the National Sporting Club to-night, the event of special interest being the contest between "Steve" O'Donnell, of America, and Owen Sullivan, of South Africa. "Steve" O'Donnell beat Sullivan in ten rounds.

Century Club's Officers.
CHICAGO, April 20.—The election committee of the Century Road Club

of America met in Chicago yesterday and canvassed the vote for the election of officers of that organization. The result was the re-election of President William A. Skindie, of Cleveland, and Secretary C. M. Fairchild, of Chicago. For the first vice presidency, D. M. Adee, of New York, was successful, succeeding Milton Klein, of Philadelphia. C. W. Lawson, of Louisville, Ky., and Cecelia W. M. Brewster, of Philadelphia, as treasurer. The prospects for great activity in the road club this season are particularly good, the association being on a better footing than ever before.

IT WAS FAVORITES' DAY.

Five of the Races at Memphis Won by Strong First Choices.

MEMPHIS, Tenn., April 20.—It was another day for favorites at Montgomery Park, five of the six races being captured by the strong first choices. The day was beautiful and the track fast. Summary:

AMUSEMENTS.
Attractions, Past and Present, at the Theatres and Other Resorts.

HERE is at least one new thing under the sun which shines upon the tented field, and that is Capt. Woodward's really famous and only school of trained Alaska sea lions and seals, which this season for the first time, are the exclusive and unique features among thousands and one attractions of the enormous consolidated great Adam Forepaugh and Sells Brothers menageries, circuses, and hippodromes, to pitch their stupendous canyons in Wheeling on Wednesday, May 6. When the exceedingly wild and timid nature of these strange Arctic animals is considered, coupled with the fact that they are provided with flippers only to supply the place of hands and feet, their performances are absolutely marvellous and trench closely upon the incredible. That such necessarily clumsy creatures on land have been successfully taught to drill, catch, play upon different musical instruments, sing, and imitate many other human acts and arts almost surpasses belief, but that they do so is incontrovertibly attested by the entire press of New York, in which city they continuously drew big and delighted crowds all last winter.

"Darkest Russia," which appears at the Opera House to-night, is a masterpiece of stage construction, and the author, Mr. H. Grattan Donnelly, has woven around the plot a story of absorbing interest. The play pictures every phase of Russian life. The secret police, the military and the militia, as well as the noble, peasant and exile are seen in every type of character. Although the play alone is one which would command unbounded success, the proprietors have, nevertheless, mounted it in an exceedingly lavish manner. The spectacular enters largely in the settings and the scenic display is elaborate and beautiful. Everything necessary for the production is carried and the smallest detail has been given careful attention. The company is a large and strong one and all the characters are effective. Two of the most prominent are the comedy roles, Septimus Cobb, an American colonel from Kentucky and the Baroness Von Rhineberg, a young French widow.

"The Midnight Special" opened a three nights' engagement at the Grand last night to a very large house. The piece was staged more elaborately than the usual run of railroad plays. The story is one of pathos and power, and is relieved by brilliant flashes of comedy. The plot is ingeniously conceived, the fun legitimately humorous and delightfully droll. The company is far above the average usually seen in productions of this class and embraces such well known artists as George Paxton, Lillian Longmore, Rosita Worrell, T. E. Depew.

The Keystone State is this morning's Cincinnati packet. She has good prospects for a heavy trip in freight. She got away from Pittsburgh last evening with a fair start, including many passengers.

The Hudson was reported at Middletown yesterday at 4 a. m. She will be here on time this morning. She has a good trip, especially in freight.

The Ben Hur was delayed above yesterday by heavy way business and did not arrive for Parkersburg until midnight. She departed shortly after that hour.

To-day's local packets are the Liberty, Lexington and Jewel.

"Leah the Forester" with Miss Linna Hennig in the title role, was repeated at the Opera House last night for the benefit of the West Virginia Home for friendless and disabled Confederate veterans. A good sized audience was present, the rain which commenced early in the evening no doubt keeping many away. Miss Hennig duplicated her success of last week, giving a more finished performance if anything, while Mr. Nesbitt and Mr. Hennig smoothed some of the rough edges which were noticeable in the first performance. Miss Hennig House came in for a fair share of the applause by giving a faithful representation of a character that could easily have been marred in careless hands. Mr. Edward Franzheim was as perfect as ever in his comedy business. The audience was quite appreciative.

The ex-Confederate soldiers, who had the management of last night's entertainment at the Opera House, for the benefit of the West Virginia Home for Confederate Soldiers, desire to thank the public through the Intelligencer for their generous patronage, and all who in any way assisted in making the affair a success.

IN THE COLERAIN FIELD.

Latest news of Operations in the Over-the-River Field.

The "T-A" Oil Company, operating in the Colerain field, over the river, will shoot its well which came in last Saturday with a good showing, this afternoon between 3 and 4 o'clock. Persons in the city who have never witnessed this interesting operation should go out to Colerain and see this well shot. The "shot" arrived last night from McDonald. Oil is in the hole to a depth of 1,500 feet.

Gasmire & Thompson's well, on the Estler farm, is now drilling at 700 feet. The same company's second well, on the Mahlin lot, is at 300 feet. The Mahlin well is located to the east of the first Mahlin hole, which came in dry recently.

The "T-A" Oil Company and A. A. Frankheim have built a rig for a well on the Bailey farm, adjoining the Mahlin property. Drilling will begin at once.

Nearly a Fatal Accident.

What came near being a fatal accident occurred last Saturday near Valley Grove. Doctor Monroe, of West Alexander, was making a professional visit to Point Mills, driving a spirited team of bays. When near Reed's Mills the horses frightened at a train, and started off at a terrific pace. At the bridge over McGraw's run the horses came near going over that structure, and were wildly swerving from side to side, which meant death for all, by the extraordinary exertions of the doctor. The team was finally checked at Point Mills station.

The Miners' Appeal.

District No. 6, United Mine Workers of America, the headquarters of which is located at Bridgeport, has issued an appeal to the miners for aid for the Salineville men, who are out on a strike because the operators there will not live up to the agreement made some time ago. Contributions are to be sent to Secretary-Treasurer T. L. Lewis, at Bridgeport.

Along the Landing.
The marks at 6 p. m., showed 9 feet and falling. Weather clear and warm. This is a fall of one foot in twenty-four hours. If the same rate of fall is maintained this week there will be very little water in the river and another low water season will be on hand. However, it is generally hoped and believed that there will be rains at headwaters sufficient to keep up a fair boatage stage for some time.

A dispatch from Cincinnati says: "The Raymond Horner arrived with the largest tow ever brought down from Pittsburgh, a twenty-two foot and three barges. After leaving the barges here she went on with the boats for Louisville."

The Keystone State is this morning's Cincinnati packet. She has good prospects for a heavy trip in freight. She got away from Pittsburgh last evening with a fair start, including many passengers.

passengers and saving part of the freight, which was brought on to this port. No one was hurt. The crew of the Martin claims the boat got out of the channel, causing her to strike a snag. The snag was the result of the competition for trade between the boats. D. I. Watson will try to raise the Martin.

ATTRACTIVE FACES
come with good health. It is easily seen when a woman has perfect health, her face and figure show it. The painful disorders and diseases that afflict womankind make themselves seen as well as felt. Dull eyes, blotched or sallow face, and a wasted form, follow them. This is the time to turn to the right remedy. Dr. Pierce's Favorite Prescription builds up and strengthens the system, and regulates and promotes every proper function. It's a quieting, soothing nerve. It corrects and cures, safely and surely, all those delicate derangements, weaknesses, irregularities and diseases peculiar to the sex.

For young girls just entering womanhood, women at the critical "change of life," and every woman who is "run-down" or overworked, it's something to remember that there's a medicine that will help you.

"FEMALE WEAKNESS."

Mrs. BYRON DAWARD, of Milford, Prince Edward Co., Ont., Canada, writes: "A few years ago my health failed. I was troubled with female diseases in its worst form, having been afflicted about fifteen years. I was also troubled with constipation, loss of appetite, dizziness and ringing in my head, nervous prostration, hysterical fits, and a general feeling of weakness. Several physicians—no one could clearly diagnose my case and their medicines failed to give relief. After much persuasion I commenced taking Dr. Pierce's Favorite Prescription—have taken five bottles and saw a well woman doing my housework; from a run-down condition and have been restored to health. I feel it my duty to recommend your 'Favorite Prescription' for ladies afflicted with female diseases as I have been."
